

Sustainability data sheet

Hesse Additive HYDRO HZ 75 Anti-slip

Product description

Additive to increase the slip resistance of Hesse HYDRO stair and parquet lacquers. Add 10 % to the final lacquer coat.

Areas of application

Added volume: 10 % to suitable HYDRO Sealants or HYDRO Staircase lacquers.

Sustainability score

Proportion of fossil raw materials	30.99 %
Proportion of mineral raw materials	1.21 %
Proportion of renewable raw materials	0 %
percentage of recycled raw materials	0 %
Share of miscellaneous natural sources	0 %
water content	67.59 %
Non-volatile proportion	27.2 %
VOC EU	5.24 %
VOC FR	C

Sustainability data

SVHC	No
CMR substances (KAT 1A and 1B)	not included
Highly hazardous to the environment	No
Free of aromatic substances	Yes
Phthalate softener	not included
Skin corrosive	No
Harmful to organs	No
Biocides	not included
Decopaint compliant	No

Sustainability data sheet

Hesse Additive HYDRO HZ 75 Anti-slip

Particular properties / testing standards

Sign	Product standard / basis	Sign	Product standard / basis
	Slip-resistant according to German Industrial Standard EN 16165:2023-02 (1)		Slip-resistant (R10) according to German Industrial Standard EN 16165:2023-02 (1)

Disposal

Lacquer

According to the currently valid Waste Catalogue Ordinance, it is necessary to assign waste to a specific waste type according to its origin. It is therefore not possible to clearly define a waste code number.

packaging

Packaging that is completely empty should be recycled. However, packaging that contains residues of hazardous substances or is contaminated by these substances, as well as packaging that is not completely empty, must be disposed of properly and without risk in accordance with the regulations for the respective product.

General information about the company

Hesse Signal takes responsibility for future generations and is actively committed to protecting people and the environment. The company demonstrates this not only by phasing out solvents for its own paint systems by 2030.

Hesse Signal is committed to using all resources responsibly and as sparingly as possible in all areas, thus setting an example for the industry.

ISO certification

- Quality management ISO 9001
- Energy Management ISO 50001
- Environmental management ISO 14001
- Occupational health and safety management ISO 45001
