PLANET-STONE

The better stone!

Limitless - light - robust

- Sustainable real stone effect
- Individual geometries possible
- Lighter than solid stone
- Extremely durable

PLANET-STONE

The PLANET-STONE effect lacquer makes it possible for wood, wood materials, plastic and many other substrates to be coated with real stone pigments. The finished coated surface is indistinguishable from solid stone slabs. It is characterised by outstanding resistance, is extremely durable, easy to clean and with its PU base meets the requirements of DIN 68861-1B.

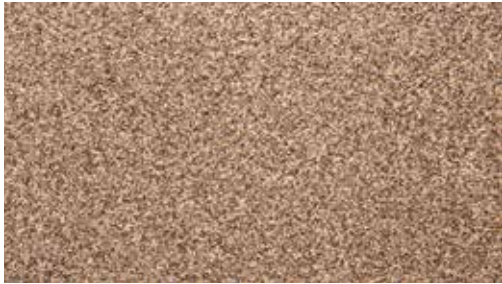

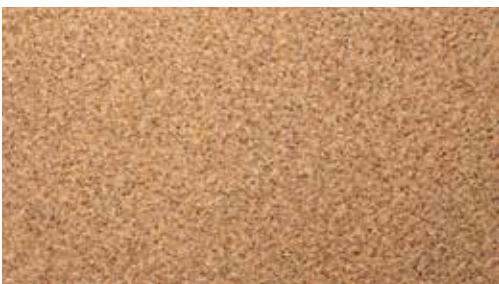

With the effect lacquers of the PLANET-STONE series, the most individual part geometries can be refined with genuine stone pigments. PLANET-STONE can be used in all furnishings and interior fittings including kitchens and bathrooms, stairs, floors and wall panels.

PLANET-STONE is made of a range of ten stone powders. Other colour variations can be achieved with PLANET-STONE by applying a light or dark basecoat onto the substrate before lacquering. PLANET-STONE is traditionally applied with a paint gun onto the HYDRO or PU base lacquer when still wet. Alternatively the powder can be scattered by hand. Subsequently applying a final clear top coat creates a smoother surface and offers more gloss options.

PLANET-STONE also scores highly on sustainability. It avoids massive stone blocks having to be hewn from quarries and then transported. The stone powder comes from cutting slabs of real stone, thus providing a further sustainable use.

The PLANET-STONE colour tones

Powder order number:

MARS ZD 4139		JUPITER ZD 4144	
PLUTO ZD 4140		SATURN ZD 4145	
URANUS ZD 4141		MOON ZD 4165	
VENUS ZD 4142		NEPTUNE ZD 4166	
MERCURY ZD 4143		EARTH ZD 4167	

Due to deviations arising from the printing process, the colouring in images and photos may deviate from the original.

Ordering information

HYDRO Base lacquer	HE 65192	PLANET-STONE powder	ZD 41xx
2C-HYDRO basecoat	HDM 54802-0901	Packaging sizes	5 kg, 25 kg
Mixing ratio (by volume) 10:1	HDR 5091		
PU base lacquer	DB 48900-0901		
Mixture (by volume) 10 : 1	DR 4071		
Packaging sizes	5 l, 25 l
